TESTIMONIALS FOR MEDICINES

SERB CAPITAL WILL BE MOVED.

Lydia E. Pinkham Medicine Company Publishes Only Genuine Ones.

The testimonial published by the Lydia E. Pinkham Medicine Company is unsolicited. Before they are used the Company takes great care to inform itself about the writer. Never knowingly, has it published an untrue letter, never is a letter published without the written consent signed by the writer. The reason that thousands of women from all parts of the country write such grateful letters is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and illness. It has relieved women from some of the worst forms of female ills, from displacements, inflammation, ulceration, irregularities, nervousness, weakness, stomach troubles and from the blues.

It is impossible for any woman who is well and who has never suffered to realize how these poor, suffering women feel when restored to health; and their grateful letters are a constant reminder to the Company to help other women who are suffering as they did.

PARIS NEWSPAPER IS MYSTERY SHEET.
SOCIETY SURROUNDS IDENTITY OF THE PUBLISHER.

Chamber of Deputies Called Upon to Prevent Circulation of Printed Matter Likely to Undermine Public Morale—Dosen News Papers Since War Began.

PARIS, Aug. 4.—War time would not appear favorable to the launching of a new newspaper, as it has already had a disastrous effect upon those already established, and the present war, unprecedented in history in every way, has caused such a crisis in the supply of paper that the French government is being forced to take special measures in the hope of insuring the existence of the press. Nevertheless, at least a dozen new newspapers have appeared in Paris since the war, some weekly and some daily. The weekly publications are devoted to gossip, literature, art, and the theater, and, with one exception, their circulation does not make extravagant demands on the paper supply.

The most important addition to the French morning press appeared some two months ago, in a new paper, launched with what in France was considered a tremendous advertising campaign. The paper was freely distributed all over the country and a considerable amount of advertising was done in many newspapers. The paper, however, everything seemed to show that the new daily had plenty of capital behind it.

When it appeared, it was found to present one peculiarity. No name of owner, director, editor, or other responsible person appeared in it, although French papers always give these particulars. The only name given was that of the publisher, who printed obscurely on the last page, as under French law this name, at least, must appear.

His active duties will begin virtually come to an end. There were no receipts from customs or internal revenue, and the paper was not subject to any tax; and no people capable of paying taxes. And so the American help was sent, and came in the form of a new paper, which was to be published in the name of the United States.

A few weeks after its appearance, the new paper was violently attacked in Gustave's paper, "Le Figaro," as being intended to undermine French morale and bring about a premature peace. Much emphasis was laid upon the fact that no responsible names were given in the paper, and it was challenged to state where its supporters and directors were. The paper, however, refused to take up.

One result of this incident has been that a bill has been introduced into the Chamber by several deputies, among them Maurice Barres, which proposes that the government should take immediately the following measures:

To prohibit any attempt to influence public opinion by the circulation of certain publications. To give Parliament the means to keep the press under control, by participating in these publications, either financially or editorially. To demand the publication in the Official Journal of the names and nationalities of directors, officers and managers of every company formed to publish any periodical, daily or occasional.

PLAN TO REOPEN CHIHUAHUA MINES.
CHIHUAHUA CITY, Sept. 2.—Conditions in the State of Chihuahua are becoming such as to warrant speedy resumption of mining operations. The division of the north, yesterday assured representatives of the Alvarado Mining Company.

The company sought assurances regarding the reports of the military authorities at Parral. Gen. Murguía assured the mining men protection would be given. He also assured them that the general said 4000 troops garrisoned through the district south of Parral formed a bulwark against another northward movement of Villa's forces.

to me and naturally I feel very deeply about the war. Oh, if all Americans could understand what it means for a man who is capable of uttering the sentiments Col. Reichmann uttered, what it means for that sort of an officer to lead our American boys in France!

When Col. Reichmann made his Chicago and when I wrote to Senator Poincaré detailing them, I did not know his promotion to brigadier-general was even contemplated. If I had remained in Chicago and attended to my duties as a witness and that her charges had been maintained.

Mrs. Anderson came here from Victoria, B. C., after the confirmation of Col. Reichmann as a brigadier-general had been held up because of her charges. She was on her way from New York to Seattle when she met Mrs. S. L. Hays, wife of an American brigadier-general, she stopped in Chicago and attended to her duties as a witness and that her charges had been maintained.

Although athletics have played an important part of the life of the naval cadets at San Pedro, sports can now be said to be booming along the outer harbor.

Whether Rugby or American style of football shall be played was a question that for some days kept the naval cadets busy in argument. But inasmuch as there are few former players start and secret of American players in quarters, the eleven has won out over the fifteen.

BERNHARDT BEGINS NEW FAREWELL TOUR.
NEW YORK, Sept. 2.—Sarah Bernhardt resumed her last tour of America last night and appeared in a double bill, acting in "The Merchant of Venice" and that of "The Girl of the Year."

Mme. Bernhardt appeared as the youthful heroine in the play of a poet-story which had been blinded by liquid fire. The performance of the orchestra playing the "Marsellaise" and "The Star Spangled Banner" amid great cheering.

Last night was the fifty-fifth anniversary of Mme. Bernhardt's first performance at the Comedie Francaise in Paris.

GERMANS RIDICULE AMERICAN DEMOCRACY
AMSTERDAM, Sept. 2.—The Berlin correspondent of the Weiser Zeitung sends the following dispatch:

"President Wilson, hero of the American armament capitalists, has only no sense to preach the blameworthy democracy. The German people decline with thanks a democratic system after the American pattern, with its immorality and corruption."

MONDAY LAUNCHES BIG FALL OFFENSIVE ON SIN.

Ice Cuss Words Lard Utterances
His Auditors Hang on Every Word—No Meetings Today.

There are some "Billy Sundayisms" picked from the base-
ball-organist's first day's addresses in Los Angeles:

"This old world's going to hell so fast she's breaking the
back of the devil. It's time to call a halt."

"The Holy Spirit doesn't belong to the higher critics and big-
game hunters, and this future probation stuff makes me tired. Where
you get that second-probation stuff, or your authority for it?"

"I've no cranksy views to air while I'm in Los Angeles, but if
you don't want to hear the truth, don't poke your old bean around
me."

"I ask no quarter from the dirty, stinkin' gang, and I give 'em
the helix and vomit the old bastard theory of evolution."

"We're saying to that bunch across the sea we're fighting for
the overthrow of Prussian militarism, and we don't propose to take
more of their lip, either."

"I have the greatest sympathy with the German people, but
as all for the Kaiser. As to the Turks, if you hear me say
anything good about 'em, you may know I'm nutty. To hell with
the Turks."

"Sunday—Rev. William
Matthews, if you care for more
drama, for he is an ordained min-
ister in the Presbyterian church—

unlock the door, which was
locked with great reluctance. They
saw that he had been using

On the Trail of the Saint and Sinner.

Sunday glimpses of the Sunday meetings.
Hundreds that could not get in looked in, while other hundreds contented themselves with seeking refreshment for the inner man, while they waited for the doors to be thrown open for the second or third meeting. The smile on "Billy's" face is the one that he brought from Hood River with him, together with a supply of get-up-and-git that assures some master pitching for the cause of God.

HERE ARE SERMONS JUST AS REVIVALIST DELIVERED THEM.

THREE staggering blows at
Satan's cohorts were delivered
by "Billy" Sunday yesterday
in his three sermons in the Tab-
ernacle. The morning sermon was on
the subject, "Have Ye Received the
Holy Ghost?" In the afternoon he
spoke on "God's Grenadiers," and
his evening sermon was on "The
Sins of Society."

Below is given very full reports
of these sermons:

RIVETING LINK 'CROSS COUNTRY'

Santa Fe Starts Big Double-track Improvement.

Los Angeles Company Secures Contract for Work.

Labor Shortage Expected to Make Progress Slow.

Construction of thirty miles of sec-
ond track on the Santa Fe, between
Goff and Bagdad, was started Sat-
urday by the Sharp & Fellows Con-
tracting Company of this city. The
appropriation for the work is
\$1,600,000, but it is claimed that the
cost will run considerably beyond
that amount.

The construction of this extension
of second track is a part of the
Santa Fe's plan to double track
its entire line from Chicago to Los
Angeles. This particular stretch of
road is practically arid, and the sec-
ond track is simply necessary to re-
lieve congestion in freight and pas-
senger hauling over the main line.

Santa Fe officials stated yesterday
the contractors expect to be able to
complete the job late in the fall, al-
though they are just now hindered
to some extent by shortage of labor.
It is stated further that good work-
ers, out in that part of the country,
are hard to get and harder to keep,
especially this year when there is a
big demand for labor everywhere.

DEATH FROM THE SKY.

Bomb from Enemy Airplane Drops
Full on Ambulance Driven by
Cousin of Los Angeles
Woman—Was Son of
Rail Official.

Word was received yesterday by
Miss Mary Ryan, of No. 227 West
lake avenue, of the death at the
war front in Europe of her cousin,
George Frederick Norton, of New
York City.

Mr. Norton was a member of the
American Field Service Ambulance
Corps, No. 1. He owned his own
ambulance and had driven it for but
two weeks, when a bomb dropped
from an enemy airplane shattered
the ambulance and killed the driver.
He was buried "somewhere in
France" with full military honors,
and the Croix de Guerre, awarded
for valor, was pinned to the breast
of his tunic.

The young man was a son of the
late E. Norton, one-time president
of the Louisville and Nashville
Railroad.

Exchange Your Piano for the Chickering

Imagine that on a quiet evening in your home, as
you lay aside your book and close your eyes for a mo-
ment, a soft chord is struck on your piano—

A great pianist interprets the thought of a master
composer as you listen, spellbound, to the ebb and flow
of the harmony as it is woven in the beautiful colored
fabric of the composition.

In no realistic way can we describe to you the
wonder of the Ampico Reproducing Piano—an almost
human mechanism installed in the world-renowned
Chickering Piano, to the end that a dream of the ages has
become a definite reality.

The Chickering Ampico can be had in both
the Upright and Grand styles. May we send
you a beautiful art catalog and price list? Our
strictly one-price-to-all plan of piano-selling will interest
you.

[LOCAL CORRESPONDENCE.]

LONG BEACH, Sept. 2.—Predicting the heaviest western winter travel in years with Southern California points, as usual, getting the lion's share of the tourists, Gerrit Fort, general traffic manager of the Union Pacific Railroad, with headquarters in Chicago, with his brother, 'an Dyke Fort, assistant freight traffic manager of the Illinois Central, with headquarters at Memphis, Tenn., arrived in Long Beach today. They were summoned here following the illness of their father, Marfan P. Fort, formerly of Chicago, accompanied by his wife and sons of the Illinois Central, who is 78 years old, will be taken back to Chicago Wednesday in a special car.

"Southern California's prosperous summer season, which, from the standpoint of numbers I understand has been a record-breaker, will be followed by just as heavy a winter vacation. Our reservations indicate this," said Mr. Gerrit Fort.

Mr. Fort stated that while the problem of transporting the drafted men to their various cantonments presented the biggest traffic question the railroads have ever had to deal with, railroad officials in general, while admitting it will tax every effort to the utmost, are confident the

Policy of Sane Economy will be Observed Owing to Small Size of Crop Expected—Members Hope to be Surprised by Getting More Fruit than Anticipated.

[LOCAL CORRESPONDENCE.]

ONTARIO, Sept. 2.—Recognizing the prestige of the "O. K." brands on citrus fruits, the Bloomington Fruit Association has affiliated itself with the Ontario-Cucamonga Fruit Exchange, according to the announcement today of D. A. Auld, exchange manager.

The Ontario-Cucamonga, or O. K. exchange, as it is commonly called, numbers thirteen members, including associations in Ontario, Updell, Cucamonga, Etiwanda and Bloomington. A. G. Burch is manager of the Bloomington association and it numbers 100 members. It is until recently affiliated with the Inland Bernardino County Fruit Exchange. In discussing plans for the coming year, Manager Field said, in part:

"The O. K. Exchange has adopted rigid policy of retrenchment and observance of sane economy in the conduct of the business of the coming year. This same policy is being adopted in all exchange houses and the California Fruit Growers' Exchange as well.

"I don't even pretend to make a prophecy at the coming navel crop, for even the managers of the associations shy at guessing, certainly it is for me to make any statements about that line. However, we are optimistic and, like the growers, hoping we will be surprised."

Despite the loss of much fruit in June hot wave, it is said that the coming association, which has entered the O. K., will have at least

BY DIRECT WIRE—EXCLUSIVE DISPATCH.
SANTA ANA, Sept. 2.—As Edward Buttweiler of No. 4384 Estrella street, Los Angeles, was riding in his automobile as it stood on the edge of the pavement on east First street, a machine driven by C. O. Billings of Riverside hit Buttweiler's auto and knocked him down. He sustained a severe gash on one side of his head. Mrs. Clara Neal of Pomona, who was in Buttweiler's machine, had one hand instantly cut by winds.

INCENDIARY SETS FIRE TO WHEAT.

[LOCAL CORRESPONDENCE.]
RIVERSIDE, Sept. 2.—Incendiary efforts to destroy a valuable stack of wheat on his ranch in Rancho Valley were reported to the sheriff by W. F. Wardrobe. The stack was discovered night before last and extinguished before any great damage had been done, but investigation disclosed the fact that there had been set in three different places about the pile. There were sacks in the stack, for which Wardrobe had been offered cash at one side of his head. Mrs. Clara Neal of Pomona, who was in Buttweiler's machine, had one hand instantly cut by winds.

It was covered by insurance, but to ward against another attempt to burn it Mr. Wardrobe proposes to take his grain carefully guarded until it is disposed of.

CITRUS INDUSTRY

REPORTS BIG YEAR.

POMONA VALLEY EXCHANGES PRESENT STATEMENTS.

San Antonio Fruit Board States that Average Price for Navel is Largest for Twenty-three Years. Co-operation Keynote of Success, Manager Says.

[LOCAL CORRESPONDENCE.]

POMONA, Sept. 2.—That the close of the year of the citrus industry was the greatest in the history of the industry, was the fact made known in the annual report of P. J. Dreher, secretary and manager of the San Antonio Fruit Exchange, submitted to the board of directors at the annual meeting yesterday. The total returns exceeded \$4,000,000, or about ten per cent. greater than any former year in the history of the industry.

Nearly 2,000,000 boxes of fruit were shipped during the year, of which 1,454,555 boxes were navel oranges, at an average price of \$1.865 per box for all grades and sizes. The average for the past twenty-three years previous to this has been \$1.68. The report shows that the cost of operating the San Antonio Fruit Exchange was \$13,964, and total expenditures bring the total to \$17,000.

This is the last report which will be made by Mr. Dreher. For twenty-two years he has been the head of the San Antonio Fruit Exchange, and has seen it through the prosperous and hard times. The success of the organization is due largely to his efforts in marketing the fruit, and getting the co-operation of the growers.

Co-operation is the keynote to the success of the California Fruit Growers' Exchange, of which the San Antonio exchange is a part," Mr. Dreher in his final and com-
